

Airbound

Written by Kate Crash

The Kate Crash Experience can be [found here](#)

In the heat of the rock n roll
In the heart of the crowd the shout the tumult the sprout of a dream
Into the devout of the sound

The feeling

the reeling

the passion

the ground

GONE!!!

air bound

off the couch

into the figmental mob in my living room
the press the crush I can feel them now!!! THE FANS THE SOUND SO
profound it surrounds my brain my heart my sex my wants
I am drowned in the sound
I am found in the sound
In the drum
In the boom
In the lull of the words

In the tongues of the skirts of the guitar shrieks and hailing melodies
I finger the air
My hair shakes my face
My legs kick and mouth gapes a hell ah howl silent scream
This is all me
This is not a stereo

Airbound

Written by Kate Crash

This is not a dream
This is me
Free
A nobody
Is somebody
In that moment
In the sound
I am found
Locked in the dream
I am found
I am found
I am free
In the sound
In the sound
In the sound
Is me
In me
Is me
